

HoloLens 2

How to become a Mixed Reality Partner

- 1** Become a Microsoft Partner and have an active Microsoft Partner Number (MPN).
- 2** Have an application running on HoloLens 2 available for purchase or have the ability to deploy 1st or 3rd party application with HoloLens 2.
- 3** Fill the application form (information about location, revenue forecast for the next 12 months)

Requirements:

- Within the 1st month of the membership to place the 1st initial order of 10 units;
- Expected revenue for the two tier premier partners: Silver Partners (100 units) and for Gold Partners (300 units);
- The two tier premier partner types should have an Azure-based solution and integrated one MR Azure service (Spatial Anchors, Remote Rendering, Object Anchors) into their solution and have for the Silver Partners (50 HoloLens 2 device sales or influenced sales) and for the Gold Partners – 100 devices.

If an MRPP would like to be a DMP:

- Silver MRPPs contact Jamie Clapham v-cljami@microsoft.com
- Gold MRPPs contact their PSE (Either Joe Varrasso or Lars Knoke)

As DMP is a global program, partners that have been accepted into the program can sell anywhere (in wave 1 and wave 2 countries).
